

Lynx Partners

We have several options to choose from if you would like to become a Lynx Partner.

Lynx Referral Partner

You will receive a *10% referral commission* for anyone you refer to us that purchases any Lynx product or service.

Your involvement is as simply referring to us the purchaser's contact information. If you wish to be more involved in demos and trainings you are more than welcome. This is ideal for those with limited time or limited budget and requires no quotas & no training. We do all the work.

Lynx Dealer Partner

You will receive up to a *50% reseller commission* for anyone that purchases any Lynx product or service working as a full distributor. You present, demonstrate, follow up and close the sale, etc.

This option is ideal if you are currently selling other software construction products or tools and would like to add Lynx to your solution portfolio.

There may be fees associated with becoming a Lynx Dealer Partner depending on the option you choose:

Silver Partner Plan - *25% reseller commission*, no upfront cost for dealer agreement and support is available to help you with presentations, demonstrations, follow up and closing the sale. With this plan if you reach sales of \$25,000 you will automatically be upgraded to Gold Partner Plan at no cost.

Gold Partner Plan - *50% reseller commission*, cost is \$999 for dealer agreement including support and training to get you started.

If you have any questions, please contact Robert Adams at 877-955-7711 x85 or email badams@lynxpm.com.
